OMNI CAR - micro:bit

8

2x 31982

holder for micro:bit IO F5/T5

adjust the distance of this parts (37468) and mount holder

to use 9V battery box (135719)
these parts need to be mounted (31982)

OMNI CAR - micro:bit

1

4x 31078

4x 32293

4x 31064

4x 32879

4x assembly 1

4x omni wheel

4x 38241

OMNI CAR - micro:bit

2

OMNI CAR - micro:bit

7

OMNI CAR - micro:bit

6

1x assembly 1

disconnect the motor from assembly 1 and connect it to the construction (a)

connect the rest of assembly 1 to construction (b) and then a little bend the structure and join gearbox with motor (c)

OMNI CAR - micro:bit
